The complete line of 0.50, 1.00 and 1.25mm pitch flat flex cable (FFC) jumpers, available in cable thickness options of 0.12, 0.22 and 0.27mm, offers standard lengths, pitches and circuit sizes to solve complex board-to-board interconnection challenges in compact/hard to reach applications.

Premo-Flex FFC jumpers in ultra-thin, ultra-flexible 0.12mm cable have an extended flex life of 2 million cycles vs. standard jumper flex life of 10,000 cycles. Premo-Flex polyimide jumpers with etched-copper circuitry achieve the tight-tolerances required for reliable connections to fine pitch, 0.30mm microminiature connectors, that standard copper wire FFC jumpers cannot. Off-the-shelf Premo-Flex FFC and etched polyimide jumpers avoid custom tooling costs and reduce lead-times. In addition, Molex can also accommodate custom requirements for jumpers in lengths of over 305mm.

Premo-Flex FFC and etched polyimide jumpers are terminated to Zero Insertion Force (ZIF), non-ZIF or Low Insertion Force (LIF) FFC connectors, available from Molex. Type A (same-side) and Type D (opposite-side) contact layouts allow for mirrored contacts in top- and bottom-mount applications.

**PREMO-FLEX - STANDARD**

</tr>
</tbody>
</table>

Available in numerous circuit sizes (4 to 60) and custom lengths providing limitless design-in options
Contact area can be configured on the same or opposite sides of the flexible cable jumper
Rated up to +105°C meeting industry-standard requirements
Simple assembly process, ideal for electrical connections between PCBs, display boards, etc.
Various cable termination thicknesses meeting industry-standard ZIF connector requirements
Polyester insulation that meets Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) requirements

Solder directly on to the board for better signal integrity
Flat design for flexibility (can be folded and bent) and resistance to vibrations
Rated up to +105°C, ideal for wave-soldering applications

Applications

Automotive
- Radio, CD, DVD, GPS device
- LCD display
- Keyboard
- Moveable units

Consumer
- Set top box
- Camcorder
- Plasma display

Computer
- Notebook
- Printer
- Scanner
- Keyboard
- LCD flat panel

Industrial
Medical Equipment
Military
Home Appliance
- Control Panels
